

# Digital Citizenship

- Use technology in a safe, legal, responsible manner.
- Have a positive attitude to support collaboration and productivity.
- Take personal responsibility for your words and actions.
- Use technology morally and responsibly. Live your faith tradition.

# Netiquette

- Be open to the insights of others who may have opinions that differ from your own.
- Be sensitive to diverse backgrounds and ways of expression.
- Be careful with words, tones, attitudes and expressions online.
- Be careful not to offend others when expressing an opposing opinion or belief.
- Hold sacred the dignity of each student online.
