

## Questions about Blended Learning

### Will OLG use Paper or Online Lessons/Assignments?

OLG will utilize a blended approach to Remote Learning – Online Lessons/Assignments and Paper Assignment Packets. How much of each platform is utilized will vary by grade and the needs of our families.

**Distribution of Paper Assignment Packets-** The current plan is to have packets sent home on Thursdays (to be utilized the following Monday) and old packets dropped off on Thursdays (where they will be in quarantine until Sunday).

- If parents cannot drop off & pickup (similar to the way we did the boxes last week) or the rule around doing this becomes even tighter, then emailing PDF of packets home, and completed work to school, is another option we are looking into. Hence the reason we asked about printers at home last week via the phone. But at this time, a way to print out assignments is NOT needed at home.
