

## Remote Learning Environment (RLE) Frequently Asked Questions (FAQ)

### Question – Computer Requirements

For Online Remote Learning, do they only need access to the internet or do they need to be able to save onto a computer, use Word, Excel, etc. and print stuff out?

- All **online** RLE will be accessible through the **Google Classroom** with links to other online programs as needed to be located there. The students just need a **device that will allow them to log into Google Chrome** so as to access Google Classroom. The **Chromebook** is **simply a tool to access the internet**.
- No printer is required.
- Students do NOT need to create and save files on a laptop. All files can be generated and saved in the Google Classroom online.
